

INFRARED AND RAMAN DISCUSSION GROUP

The 90th meeting of the Group will be held in the Strand Building (Physics Department) of King's College, London, on Wednesday, 19 December 1979. In the 150th year of King's College and the 25th year since the first meeting at King's it seemed appropriate that this meeting should commence with some reminiscences of the early days of Infrared Spectroscopy by one of our founder members.

Programme

am

- | | |
|-------------|--|
| 10.15 | Coffee |
| 11.00 | Introduction - Professor Wilkinson |
| 11.00-11.30 | A E Martin 'Infrared in the 1930s' |
| 11.40-11.50 | M Ford (Perkin Elmer Limited)
'Spectroscopy in the 1970s' |

pm

- | | |
|-------------|--|
| 12.00-12.25 | D K Laing (Home Office CRE, Aldermaston)
'The use of a Diamond Cell in Infrared Spectroscopy' |
| 12.45 | Lunch |
| 2:00-2.25 | G Kirkbright (EDT Research)
'Optoacoustic Spectroscopy - part 1' |
| 2.30-2.55 | B Beadle (EDT Research)
'Optoacoustic Spectroscopy - part 2' |
| 3.00-3.25 | C Radcliffe (King's College, London)
'Torsional Oscillations' |

Catering

Coffee and the annual Christmas Feast are available at a cost of £3.80 per person or £3.20 for students.

Advance payment and reservation must be made by Tuesday, 11 December (reservation form attached).

Future Meetings

1980

April. 16

Meeting on analytical methods at Polytechnic of Wales, Pontypridd. To be held in association with a course on infrared spectroscopy on 15 and 17 April.
